# About Us

## Company History

Since 2009

Ayyappan & Co, founded in 2009 and headquartered in Kovilpatti, Tamil Nadu, is a trusted EPC partner catering to clients across India. Led by Mr. Ayyappan, a first-generation entrepreneur and civil engineer, the company specializes in the supply, design, and execution of Power Transmission, Distribution, and Substation projects. With a skilled team and over a decade of experience, we deliver precision, quality, and innovative solutions in civil, electrical, and mechanical engineering services.

## Mr. Ayyappan

(Founder Ayyappan & Co)

## Our Commitments

At Ayyappan & Co, we are committed to delivering excellence in every project we undertake. With over a decade of expertise in Power Transmission, Distribution, Substations, and Civil Construction, we ensure on-time delivery, superior quality, and safety in all operations. Our dedicated team, strong partnerships, and innovative solutions enable us to create lasting value for clients, communities, and the nation, while maintaining the highest standards of engineering integrity and sustainable practices.

## Our Values

100+  
Projects Done

500+  
Expert Technicians

100%  
Client Satisfaction

Excellence

Integrity

Innovation

Safety

# Vision & Mission

# Vision

# Mission

To be a globally recognized Engineering, Procurement, and Construction (EPC) company, delivering world-class solutions in Power Transmission, Distribution, Substations, Civil Construction, and Lighting — empowering progress through innovation, integrity, and engineering excellence.

To provide end-to-end integrated EPC solutions with a strong focus on quality, safety, and sustainability. We strive for on-time project completion, ensure operational excellence, and minimize risks through robust occupational health and safety (OHS) practices. Our mission is to create lasting value for our clients, partners, and communities by building reliable infrastructure that powers the future.

# Our Services

## 01 Transmission Line

Our skilled construction team is capable of executing transmission projects across any terrain and temperature. We have the expertise to design and implement transmission lines up to 800 kV, demonstrating our strong technical and execution capabilities.

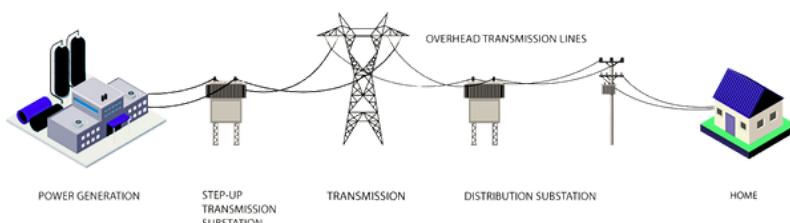

## 02 Distribution

Ayyappan & Co undertakes EPC of distribution networks, including last-mile connectivity for both rural and urban areas. We have successfully laid extensive distribution networks in partnership with the Tamil Nadu Electricity Board, showcasing our reliability and reach.

## 03 Substation

We provide complete turnkey EPC solutions for Extra High Voltage (EHV) substations, including AIS & GIS configurations. Our team has successfully executed several substation projects across Tamil Nadu, reflecting our technical expertise and project management excellence.
