

Ayyappan & Co

COMPANY PROFILE

We offers one-stop EPC value added services and solutions in **Power Transmission, Distribution and Substation, Civil Construction & lighting.**

www.ayyappanco.com

Ayyappan & Co

Transmission and Distribution (T&D) is a core vertical of Ayyappan & Co. We undertake installation, and supply of tower & H/W fittings for transmission and distribution, managed by a strong team of competent managerial and supervisory personnel.

We have maintained a track record of successfully executing complex transmission project lines. We continue to have a dominant presence in the T&D business, and strong partnerships with clients. We have demonstrated our expertise by executing challenging projects across various terrains and environments.

- Our proven experience in working at the ground level;
- strong project management capabilities
- Excellent engineering capabilities
- Dedicated and talented team
- Strong and reliable network of sub-contractors,
- suppliers, and vendors the key factors for value creation.

ABOUT OUR COMPANY

Ayyappan & Co is a one of the preferred EPC partner, catering to customers across India. We are engaged in Supply and execution of Power Transmission and Distribution, Substations Projects.

“Ayyappan & Co” was founded in 2009 Headquartered at Kovilpatti, Tamilnadu, India. and promoted by Mr. Ayyappan, an civil engineer & a first generation entrepreneur who stared Ayyappan & Co with a small capital to being recognized as one of the leading names in the sector with very dynamic, entrepreneurial, enthusiastic and leadership qualities, has ventured and floated a business in civil, electrical & mechanical (CME) engineering services and offering one-stop value added services and solutions in Power transmission & Substations and Distribution.

Joint Venture – Saudi Arabia

This year, Ayyappan & Co proudly announces its strategic Joint Venture with M/S Saar Construction Est. Operation & Maintenance in the Kingdom of Saudi Arabia. This dynamic partnership is set to redefine the landscape of major Electrical EPC (Engineering, Procurement & Construction) projects across the region.

Harnessing our combined technical expertise and years of industry experience, this collaboration is poised to deliver cutting-edge electrical infrastructure solutions. By uniting our innovative approach with our esteemed partner's local prowess, we are not only expanding our regional footprint but are also setting new standards in quality, reliability, and operational excellence.

With a clear vision for the future, our alliance represents a bold step towards transformative growth in the Middle East,

OUR VISION & MISSION

End-to-end integrated EPC solutions in HVDC business.

- On-time completion of projects.
- Minimizing risks due to our operations in OHS

Our Vision is to be a Global Engineering, Procurement and Construction (EPC) Power Transmission, Distribution and Substations, Civil Construction & Lightings.
